

# **Catechesis with Children/Youth with Disabilities, Part II: Applying the Vision**

## **Group Discussion**

- 1. What is the memory that keeps you going?**
- 2. How did you respond when you first got “the ask” for disability ministry services?**
- 3. Identify and discuss questions you have about the range of inclusion: from one-to-one at home to inclusion with adaptations in classroom and retreat activities, to full inclusion in all aspects of parish life.**
- 4. What are you challenged with the most at this time: behaviors, training catechists, working with families, finding out who needs services...?**
- 5. What has worked well for you?**
